The University of California, in accordance with applicable federal and state law and University policy, does not discriminate on the basis of race, color, national origin, religion, sex, disability, age, medical condition (cancer-related), ancestry, marital status, citizenship, sexual orientation or status as a Vietnam-era veteran or special disabled veteran. The University also prohibits sexual harassment. This nondiscrimination policy covers admission, access and treatment in University programs and activities. Inquiries regarding the University's student-related nondiscrimination policies may be directed to Margaret Heisel, (510) 987-9572.

In accordance with federal law, the University of California collects information about campus crimes. For information about crime at a UC campus, contact the campus Police Department.

APPLICATION FILING PERIODS

Berkeley Fall Semester 2007: November 1–30, 2006	All Other Campuses Fall Quarter 2007: November 1–30, 2006 Winter Quarter 2008: July 1–31, 2007* Spring Quarter 2008: October 1–31, 2007*
Merced Fall Semester 2007: November 1–30, 2006 Spring Semester 2008: July 1–31, 2007*	

* For the winter or spring filing period, check with the campus Admissions Office or check online (www.universityofcalifornia.edu/admissions/openmajors) to determine whether the campus and program(s) you are interested in are accepting applications.

How to Apply

The University prefers that applicants use the online application for admission and scholarships, which helps you file a more accurate and complete application by using error messages to highlight common mistakes and missing information before you file. Additionally, privacy guards help ensure that your information stays secure. You can apply online at www.universityofcalifornia.edu/apply.

If you do not have easy online access, you may download the application (available at www.universityofcalifornia.edu/admissions/download) or request a printed copy by e-mailing ucinfo@ucapplication.net. When requesting a printed application by e-mail, be sure to include the term to which you are applying and your applicant level (i.e., freshman or transfer).

Comprehensive information about undergraduate education, admission and financial aid at the University of California is available online (www.universityofcalifornia.edu/admissions). Keep in mind that not every student can be admitted to his or her first-choice campus. Applying broadly can significantly increase your chances of being admitted to a campus of your choice.

Contacting the Application Processing Service

You may reach the UC Undergraduate Application Processing Service by telephone or e-mail.

(800) 523-2048 (CA-only)

(925) 808-2181 (outside CA)

(Ask for UC Admissions Processing Service.)

Hearing-Impaired Callers:

TTY (925) 521-9280

E-mail: ucinfo@ucapplication.net

Address: UC Undergraduate Application Processing Service, P.O. Box 4010, Concord, CA 94524-4010

APPLICATION FEES

Campuses	Fee*	Campuses	Fee
1	\$60 (\$70)	6	\$360 (\$420)
2	\$120 (\$140)	7	\$420 (\$490)
3	\$180 (\$210)	8	\$480 (\$560)
4	\$240 (\$280)	9	\$540 (\$630)
5	\$300 (\$350)		

* Application fees for international applicants are noted in parentheses.

Apply Once

You may use the application to apply to one campus or to all nine, for a single term: fall 2007, winter 2008 or spring 2008. Indicate all your campus choices on the application; submitting multiple applications will result in a serious processing delay. (If you are applying for readmission, you must submit a readmission application form. Consult with the campus Registrar or Admissions Office for more information.)

Apply for Scholarships

Use the application form to apply for all scholarships administered by the University, including Regents Scholarships. Many scholarship programs, including those administered by University alumni associations, require applicants to submit additional materials. Please refer to pages 33–44 for information and instructions. Supporting documents must be postmarked by the date noted in the instructions. If you have questions about scholarships, contact the campus Scholarship or Financial Aid Office; see pages 45–47 for telephone numbers and addresses.

Application Fees

The application fee is \$60 for *each* campus to which you apply. You must include the fees with your application or it will not be processed. If any of your campus and/or major choices are closed to new applicants for the term to which you apply, you will receive a refund for each closed campus and/or major. Otherwise, application fees are not refundable.

International Nonimmigrant Applicants:

You must pay a higher application fee of \$70 for each campus selected. However, if you answer “yes” to Items 9, 10, 21 or 34 on the application form, you qualify to pay the lower application fee of \$60 per campus.

Fee Waivers

The University of California will waive application fees for *up to four campuses* for qualified students who otherwise would be unable to apply for admission. To be accepted for the fee waiver program, you must meet specific requirements related to your family income and size. *The fee waiver program is for United States citizens and permanent residents only.*

Students who qualify for fee waivers and who select more than four campuses must pay \$60 for each additional choice.

There are several ways for freshman applicants to apply for a fee waiver:

- Use the College Board fee waiver form, available from your school counselor. Submit it with your application.
- Qualified students may obtain a UC fee waiver authorization at a UC campus Admissions and Relations with Schools or Educational Opportunity Program office (addresses and phone numbers are listed beginning on page 45). When requesting a fee waiver authorization, be prepared to answer questions about your family’s gross income and size.
- If you are unable to obtain a UC fee waiver authorization due to time constraints, you may attach a letter to your application for admission stating your gross family income and the number of family members supported by that income, and requesting consideration for an application fee waiver.
- Online applicants can apply for a fee waiver on the application and be notified immediately whether they have qualified.

When to Apply

Applications must be postmarked by the last day of the filing period listed in the box on page 2. Most campuses do not accept applications after this date.

If you plan to apply after the filing period, check with the campus to see if there are openings before submitting your application. If you apply after the filing period to a campus that is no longer accepting applications, the UC Undergraduate Application Processing Service will notify you by mail that your application will not be forwarded to the campus. You may receive a full or partial refund of the application fee.

Most majors and programs are open to students applying for the fall term. In the winter and spring terms, openings are limited and some campuses are unable to accept applications to particular schools, colleges and majors. *If you are applying for winter or spring, contact the campus Admissions Office or check online (www.universityofcalifornia.edu/admissions/openmajors) to determine whether the campus and program(s) you are interested in are accepting applications.* If your application is not accepted due to closures of any kind, the UC Undergraduate Application Processing Service will notify you by mail and refund the application fee.

All University campuses are on the quarter

What to Send

Mail only the original application form, fees and personal statement to the UC Undergraduate Application Processing Service. Do not include letters of recommendation, transcripts, test score reports or other supporting documentation such as awards, photographs, poetry, etc. They will not be forwarded, returned or retained. (Supporting documentation, such as letters of recommendation, is required for some campus scholarships and should be submitted directly to the campus Scholarship Office. Refer to pages 35–42 for more information.)

system except Berkeley and Merced, which are on the semester system. You may not be able to enroll at the University for winter quarter if the fall semester at the institution at which you are enrolled does not end prior to January 1.

Sending Your Application

When you mail your application, obtain a U.S. Postal Service Certificate of Mailing for your records. *Do not* use an express delivery service or registered or certified mail; doing so will delay processing of your application. If you are overseas, use airmail.

Send your application to the UC Undergraduate Application Processing Service, P.O. Box 4010, Concord, CA 94524-4010.

Application Confirmation

About four to five weeks after the University receives your application, you should receive an acknowledgment in the mail from the UC Undergraduate Application Processing Service, indicating receipt of your application form and fees and including your application ID number. The acknowledgment may include a request for further information needed to process your application and that you must submit by the deadline specified. The acknowledgment will be sent to the address you list on the application as your current mailing address. If you do not list a current mailing address, it will be sent to your permanent address. If you do not receive an acknowledgment, contact the UC Undergraduate Application Processing Service by telephone or e-mail. See page 2 for contact information.

Adding a Campus

If you decide to apply to additional UC campuses after you submit your application, submit your request in writing to the UC Undergraduate Application Processing Service. Be sure to note your application ID number, date of birth, additional campus(es) to which you wish to apply, major(s) and major code(s). Include a check or money order for \$60 (\$70 for international applicants) for each additional campus you select, payable in U.S. dollars to the Regents of the University

SAT/ACT DATES

SAT Reasoning and Subject Tests*	Registration Deadline
October 14	September 12
November 4	September 29
December 2**	November 1
January 27	December 20
March 10***	February 2
May 5	March 29
June 2	April 27

* Not all Subject Tests are administered at each test date. Check the College Board website (www.collegeboard.com) for SAT Subject Test dates.

** The December date is the last seating for fall admission consideration.

*** SAT Reasoning Test only; not offered at international test sites.

ACT Assessment Plus Writing†	Registration Deadline
September 16††	August 18
October 28	September 22
December 9†††	November 3
February 10††††	January 5
April 14	March 9
June 9	May 4

† Not all test dates are available at each international test site; international registration deadlines are Fridays two weeks before test dates.

†† Offered only in Arizona, California, Florida, Georgia, Illinois, Indiana, Maryland, Nevada, North Carolina, Pennsylvania, South Carolina, Texas and Washington.

††† The December date is the last seating for fall admission consideration.

†††† Not offered in New York.

of California. You may not substitute new campus choices for your original choices. Your request will be honored only if the campus(es) you choose still have space available. The UC Undergraduate Application Processing Service will notify you about whether your application was accepted. Do not submit a second application form; it will not be processed.

If You Move/Change Schools

If you enroll in another school or college after submitting your application, you must notify *in writing* the Admissions Office at each campus to which you applied. Provide the institution's name and describe the courses you are taking and plan to take.

If you change your e-mail or mailing address and/or telephone number after filing your application, you must update the information on the Application Status website (<https://www.ucapplication.net/ucap>) or notify the UC Application Center *in writing*.

Examination Reports

Freshman applicants are required to take the following examinations:

- ◆ The ACT Assessment plus Writing or the SAT Reasoning Test;
- ◆ Two SAT Subject Tests in two different subject areas.

Application Status Website

Check the status of your UC application online at <https://www.ucapplication.net/ucap>. The Application Status website allows you to review your personal/background information, campus/major choices and test scores, and to revise portions of your application. The information will be available online four to five weeks after you submit your application.

If you are applying for admission for fall 2007, you must take the tests no later than December 2, 2006, for the SAT Reasoning and SAT Subject Tests and December 9, 2006, for the ACT Assessment plus Writing.

Freshman applicants who graduated from high school in spring 2005 or earlier are required to have taken the SAT I: Reasoning Test (or ACT) and three SAT II: Subject Tests prior to high school graduation.

You are responsible for making sure that the testing agencies report your scores directly to the Admissions Office at each campus to which you apply. If you are applying for the fall term, the Admissions Offices *must* receive your test results from the agencies no later than the date in January when December test scores are normally reported.

Information about these examinations is available online, at www.collegeboard.com for the SAT Reasoning and SAT Subject Tests and at www.act.org for the ACT Assessment plus Writing.

TOEFL and IELTS: If your native language is

not English and your education in secondary/high school or college/university has been in a country where English is not the native language, you must take the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS) examination (academic modules) and arrange to have your scores reported to the Admissions Office at each campus to which you apply. If you are applying for the fall term, the Admissions Offices must receive your results from the testing agency no later than January.

The minimum TOEFL score required to demonstrate proficiency ranges from 173–220 on the computer-based test, from 500–550 on the paper version and from 79–83 on the Internet-based test (IBT), depending upon the campus. The minimum IELTS score is 7. English courses taken in the United States may be substituted for the TOEFL, but requirements vary from campus to campus. Contact the campus international admission specialist for more information.

Updating Your Application

If any of the information you provided on the Self-Reported Academic Record changes after you submit your application, notify *in writing* the Admissions Office at each campus to which you applied.

Transcripts and Recommendations

If you are admitted, you must arrange to have an official, final high school transcript (showing your date of graduation) sent to the Admissions Office at the campus where you plan to enroll. Transcripts for students admitted for the fall term must be sent no later than July 15. *Unless a campus requests it, do not send a sixth- or seventh-semester transcript.* If you attended school outside the United States, see the information in the box below.

Letters of Recommendation: UC does not require or solicit letters of recommendation for undergraduate admission; however, they are required for some campus scholarships. (Refer to the “Supporting Documentation” sections on pages 35–42 for requirements.)

Notification of Admission

If you are a fall-term freshman applicant, each campus you applied to will notify you, generally between March 1 and March 31. Refer to the campus admissions websites for more information about notification. (See the UC Directory on pages 45–48 of this booklet for Admissions Office Web addresses.) Contact the campus Admissions Office if you do not receive notification by the appropriate date.

These notification dates apply only to applicants for the fall term who file during the November 1–30 filing period. Fall-term applicants who file late or applicants for winter or spring should contact the campus Admissions Office regarding admission notification periods.

Transcript Information for Applicants Who Have Attended School Outside the United States

The Admissions Office may make a preliminary evaluation of your application based on the information you provide on your application. However, if you are admitted, the University must receive an official academic record directly from each institution you attended, beginning with grade nine and up to and including the school or college/university you currently attend.

Each academic record must list the dates you attended the institution; the titles of courses and examinations you completed; the grades (marks) you received; the credit, hours or units earned; and any degree or diploma you may have received. In the United States, the academic record is called a transcript. It may be called by another name—such as leaving certificate, maturity certificate, bachillerato or baccalauréat—in your country.

Because it may take some time for schools outside the United States to forward your records to the University, you are encouraged to have legible photocopies of your official foreign academic records available. Do not send transcripts along with your application form. After you submit your application, be prepared to send these copies to the Admissions Office at each campus you have applied to upon request. Official transcripts will be required at the campus you elect to attend.

The University recognizes that it may be difficult to obtain foreign records in the event of political upheaval or natural disaster; however, these situations are rare. Failure to provide official records may jeopardize your enrollment at the University.

Provisional Admission

Offers of admission are provisional until the campus receives your final official transcript and verifies successful completion of all coursework required for UC eligibility.

Both the Subject Requirement and the Examination Requirement must be completed no later than the date of high school graduation. If any information on your application is found to be incomplete or inaccurate, or if your performance drops significantly during your senior year, the offer of admission may be revoked. Each campus provides newly admitted students with Conditions for Admission that must be satisfied prior to enrollment at the University.

Review of Admission Decisions

The campuses review each applicant's record thoroughly, and admission decisions are rarely reversed. However, students who are not admitted may request a review of the decision if they believe there was an error in the evaluation or can provide new and compelling information not included in the initial application. Each campus has specific procedures to handle such appeals. Contact the campus Admissions Office for information.

Acceptance of Admission

Each campus that accepts you for admission will issue you a Statement of Intent to Register (SIR). The campus will ask you to indicate whether you accept or decline the admission offer, either through its website or by filling out a form. You are strongly encouraged to wait until you hear from each campus you have applied to before you declare your intent to register.

You may accept admission to one campus only. You may not transfer your acceptance from one campus to another after you declare your intent to register. A \$100 nonrefundable deposit must accompany your acceptance.

Students who are admitted as fall-term freshmen must submit their web-based SIR by midnight (PDT) on May 1, or if mailing in the paper-SIR form, it must be *postmarked* by this date. Applicants admitted at a later date or for the winter or spring term should respond by the deadline indicated on the SIR.

As a premier public institution, the University of California seeks to enroll, on each of its campuses, a student body that demonstrates high academic achievement and exceptional personal talent, and that encompasses the broad diversity of backgrounds characteristic of California.

The admissions staff treat each application individually, carefully reviewing personal as well as academic achievements. Each application is evaluated in two ways:

1) Eligibility: First, we see if you've met the minimum requirements to be considered for admission. These requirements, described on page 7, are designed to ensure that all eligible students are adequately prepared for University-level work.

UC is committed to providing a place on one of its campuses for each eligible California resident who files an application on time.

2) Selection: When campuses receive applications from more eligible students than they can admit—as is most often the case—they use factors that go beyond the minimum requirements to select students. This process is called comprehensive review.

Using comprehensive review, admissions officers look beyond the required coursework and grades to evaluate applicants' academic achievements in light of the opportunities available to them and the capacity each student demonstrates to contribute to the intellectual life of the campus.

Comprehensive review and the selection criteria are described in *Introducing the University* and some campus catalogs, as well as online at www.universityofcalifornia.edu/admissions/general_info/how_uc_reviews.html. The criteria vary from year to year and from campus to campus depending on the number and qualifications of applicants to each campus and program.

The University reserves the right to make changes in admissions policies and procedures at any time in order to maintain consistency with law or policy.

If you have questions about admissions policies, eligibility, selection or the level of competition for admission to a particular program, contact the Admissions Office at the appropriate campus.

Selecting Campuses and Programs of Study

The University encourages you to approach your selection of campuses and programs carefully. You may be familiar with only one or two of the University's nine undergraduate campuses, probably those nearest your home or those mentioned more frequently in the news. However, you should consider the many different educational alternatives offered by all the UC campuses before you complete your application. Most UC campuses offer a full range of undergraduate programs.

For each campus you apply to, you must select a major and indicate it on your application. You may choose the same major at all campuses or a different major at each one. At some campuses, you may also select an alternate major, *although there is no guarantee that you will be admitted to the alternate major if you are denied admission to your first choice.*

If you have not yet decided on an area of study, you may apply to some schools or colleges at all of the campuses using the Undeclared (Exploratory/Undeclared, at the UC Davis College of Agricultural and Environmental Sciences) option. The University encourages you to apply as Undeclared (or Exploratory/Undeclared) rather than indicate a major that does not interest you. Not all colleges/schools offer an option for undecided students. Restrictions are noted in the list of majors beginning on page 22. If you apply for one major and later request another, campuses will make every effort to honor your request, but there is no guarantee you will be able to change.

Apply Broadly When making your selections, keep in mind that some campuses and programs are highly competitive and can accept only a limited number of students each year. The University encourages you to apply to additional campuses that interest you to increase your chance of being admitted to one of your choices. More than 85 percent of students who apply to four or more campuses are admitted.

Undergraduate Majors The undergraduate majors offered by each campus, and the concentrations available therein, are listed beginning on page 22.

All campuses offer the general courses required for admission to professional schools in the health sciences, business and law; however, some campuses offer special undergraduate programs that include all of the professional school prerequisites.

If you have any questions about academic programs, contact the Admissions Office at the campus you wish to attend.

“A-G” Subject Requirements

a | History/Social Science — 2 YEARS REQUIRED

Two years of history/social science, including one year of world history, cultures and geography; and one year of U.S. history or one half year of U.S. history and one half year of civics or American government.

To see your school's UC-certified course list, see your counselor or principal, or visit www.ucop.edu/doorways.

b | English — 4 YEARS REQUIRED

Four years of college-preparatory English that includes frequent and regular writing, and reading of classic and modern literature. No more than one year of ESL-type courses can be used to meet this requirement.

c | Mathematics — 3 YEARS REQUIRED, 4 YEARS RECOMMENDED

Three years of college-preparatory mathematics that includes the topics covered in elementary and advanced algebra and two- and three-dimensional geometry. Approved integrated math courses may be used to fulfill part or all of this requirement, as may math courses taken in the seventh and eighth grades that your high school accepts as equivalent to its own math courses.

d | Laboratory Science — 2 YEARS REQUIRED, 3 YEARS RECOMMENDED

Two years of laboratory science providing fundamental knowledge in two of these three core disciplines: biology, chemistry or physics. Advanced laboratory science courses that have biology, chemistry or physics as prerequisites and offer substantial additional material may be used to fulfill this requirement. The final two years of an approved three-year integrated science program may be used to fulfill this requirement.

e | Language Other Than English — 2 YEARS REQUIRED, 3 YEARS RECOMMENDED

Two years of the same language other than English. Courses should emphasize speaking and understanding, and include instruction in grammar, vocabulary, reading, composition and culture. Courses in languages other than English taken in the seventh and eighth grades may be used to fulfill part of this requirement if your high school accepts them as equivalent to its own courses.

f | Visual and Performing Arts (VPA) — 1 YEAR REQUIRED

A single yearlong approved arts course from a single VPA discipline: dance, drama/theater, music or visual art. (See Visual and Performing Arts Requirement, below, for more information.)

g | College-Preparatory Electives — 1 YEAR REQUIRED

One year (two semesters), in addition to those required in “a-f” above, chosen from the following areas: visual and performing arts (non-introductory-level courses), history, social science, English, advanced mathematics, laboratory science or language other than English (a third year in the language used for the “e” requirement or two years of another language).

The University considers you a freshman applicant if you are still in high school, or have graduated from high school and have not enrolled in a regular session (i.e., a session other than summer) at any college or university following high school graduation. If you attend a summer session immediately after graduating from high school, you are still a freshman applicant.

California Residents

Freshman applicants can become eligible in three ways: Eligibility in the Statewide Context, Eligibility in the Local Context and Eligibility by Examination Alone.

The requirements described in this section represent the *minimum* level of achievement to be eligible for admission to the University.

While UC guarantees a place on one of its campuses to all eligible California residents who apply on time, competitive campuses and programs use criteria that exceed the minimum requirements to select students. Meeting the minimum requirements, therefore, is not enough to gain admission to many UC campuses and programs.

ELIGIBILITY IN THE STATEWIDE CONTEXT

Eligibility in the Statewide Context is the path by which most students enter the University. To be eligible this way, you must earn a high school diploma (from an institution with a regional accreditation) or equivalency and satisfy the Subject, Examination and Scholarship requirements.

Subject Requirement To satisfy this requirement, complete the 15 yearlong high school courses listed in the box above. These courses are also known as the “a-g” subjects.

At least seven of the 15 courses must be taken in your last two years of high school.

California High School Students: If you attend high school in California, the courses you take to fulfill the Subject Requirement must be certified by the University as meeting the requirement and must be included on your school's UC-certified course list. Your counselor or principal will have a copy of

this list. In addition, the lists are available online (www.ucop.edu/doorways).

Visual and Performing Arts (“f”) Requirement: High school graduates from the class of 2006 or later must satisfy the visual and performing arts (VPA) requirement—the “f” requirement—by completing a single yearlong approved arts course from a single VPA discipline. (High school graduates from the classes of 2004 and 2005 must have satisfied the requirement by completing two semesters of approved arts courses from a single VPA discipline. Graduates from the class of 2003 must have satisfied this requirement by completing two semesters of acceptable arts courses from any of the four VPA areas. Graduates prior to 2003 must have fulfilled two years of the current “g” requirement.)

Examination Requirement You must submit the following test scores:

- The ACT Assessment plus Writing *or* the SAT Reasoning Test. The critical reading, mathematics and writing scores on the SAT must be from the same sitting.

- Two SAT Subject Tests in one of the following areas: history, literature, mathematics (Level 2 only), science or language other than English.

Note: Freshman applicants who graduated from high school in spring 2005 or earlier are required to have taken the SAT I (or ACT) and three SAT II: Subject Tests (Writing, Mathematics and one other) prior to high school graduation.

Scholarship Requirement The Scholarship Requirement defines the grade point average (GPA) you must earn in the “a-g” subjects and the test scores you must achieve to be eligible for admission to UC. The University uses an Eligibility Index—a combination of GPA and test scores—to determine if you meet this requirement. Beginning with fall 2007 applicants, the minimum GPA is 3.0 for California residents. The minimum GPA for nonresidents is 3.4. To see whether you meet the Scholarship Requirement, use our online eligibility calculator at www.universityofcalifornia.edu/admissions/scholarshipreq or refer to the worksheet on page 9.

Grade Point Average: To determine your eligibility, the University calculates your GPA in the “a-g” subjects by assigning point values to the grades you earn, totaling the points and dividing the total by the number of “a-g” courses. Points are assigned as follows: A=4 points, B=3 points, C=2 points, D=1 point and F=0 points. (Pluses and minuses are not calculated in the GPA.)

Only the grades you earn in “a-g” subjects in the 10th and 11th grades—including summer sessions—are used to calculate your preliminary GPA. Courses taken in ninth grade can be used to meet the Subject Requirement if you earned a grade of C or better but will not be used to calculate your GPA.

Honors Courses: The University assigns extra points for up to eight semesters of University-certified honors-level courses taken in the last three years of high school: A=5 points, B=4 points, C=3 points. No more than two yearlong UC-approved honors-level courses taken in the 10th grade may be given extra points. A grade of D in an honors course does not earn extra points.

The courses must be in the following “a-g” subjects: history/social science, English, advanced mathematics, laboratory science, language other than English, and the visual and performing arts. Also, they must be certified as honors courses by the University. In these subjects, as well as in computer science, acceptable honors-level courses include Advanced Placement courses UC-designated International Baccalaureate courses, and college courses that are transferable to the University.

In addition to the preliminary GPA used to establish UC eligibility, campuses may look at an applicant’s academic record in a variety of ways during the selection process. These GPA variations may include a fully weighted GPA that includes all honors grade points earned in grades 10 and 11 (the GPA used to rank students at each high school for purposes of identifying ELC students) and an unweighted GPA in which no honors grade points are included in the GPA calculation.

D and F Grades: Any “a-g” courses in which you earn a D or F must be repeated with a grade of C or better. The second grades will be used in calculating your GPA. If you repeat a course in which you initially earned a grade of C, the second grade will not be used.

ELIGIBILITY IN THE LOCAL CONTEXT

The Eligibility in the Local Context (ELC) program recognizes students’ individual accomplishments in light of the opportunities offered by their particular high schools. If you rank in the top 4 percent of students in your California high school’s graduating class, as determined by UC, and if your high school participates in the program, you may be admitted to UC via the ELC path.

To be considered for ELC, you must complete 11 specific yearlong courses of the Subject Requirement by the end of your junior year.

With the assistance of each participating high school, the University will identify the top 4 percent of students on the basis of University-approved coursework completed in the 10th and 11th grades.

The 11 yearlong courses include one year of history/social science, three years of English, three years of mathematics, one year of laboratory science, one year of language other than English and two years chosen from among the other Subject Requirements.

If you are eligible through ELC, the University will notify you at the beginning of your senior year. You must then submit the University’s application for admission during the November filing period and complete the Examination Requirement and the remaining courses in the Subject Requirement. Fully eligible ELC students are guaranteed a spot at one of UC’s undergraduate campuses, though not necessarily at their first-choice campus.

Additional information about ELC is available online (www.ucop.edu/sas/elc).

ELIGIBILITY BY EXAMINATION ALONE

Another way to qualify for admission to the University is by earning high scores on college admissions tests. To qualify this way, you must satisfy the same Examination Requirement as students who are eligible in the statewide context (see page 7). California residents must achieve a minimum UC Score Total of 410. In addition, students must achieve a minimum UC Score of 63 on each component of the ACT or SAT Reasoning Test and on each SAT Subject Test. To calculate your UC Score, use the online eligibility calculator at www.universityofcalifornia.edu/admissions/scholarshipreq or refer to the eligibility worksheet on page 9.

You may not use an SAT Subject Test to meet these requirements if you have taken a transferable college course in that subject.

Nonresidents

There are two paths to UC eligibility for nonresidents at the freshman level. The first is the same as described under Eligibility in the Statewide Context, and the second as described under Eligibility by Examination Alone, with the following exceptions:

Scholarship Requirement: If your GPA is 3.4 or above, you satisfy the Scholarship Requirement if you achieve the test score indicated in the Eligibility Index under Non-California Residents. To see whether you meet the Scholarship Requirement, use the online eligibility calculator at www.universityofcalifornia.edu/admissions/scholarshipreq or refer to the worksheet on page 9.

Eligibility by Examination Alone: Nonresidents must achieve a minimum UC Score Total of 425. To calculate your UC Score Total, use the online calculator at www.universityofcalifornia.edu/admissions/scholarshipreq or refer to the eligibility worksheet on page 9.

Are you eligible for UC?

To be eligible to attend the University of California, you must:

- Complete a specific set of 15 college prep courses (known as the “a-g” courses) with at least a 3.0 GPA
- Take either the new SAT Reasoning Test **OR** the ACT with its writing exam, **AND** 2 SAT Subject Tests in two different subject areas (e.g., science and literature)

The grades you earn in your “a-g” courses, along with your test scores, are combined in the Eligibility Index, which helps determine your UC eligibility.

To find out whether you are eligible, use the calculator at www.universityofcalifornia.edu/admissions/scholarshipreq or follow these steps:

1. Convert your ACT or SAT scores to UC Scores.*

Use the translation table at left to find the equivalent “UC Score” for each of your ACT or SAT scores. Then fill in one or both of the charts below to calculate your converted total score.

ACT Score	SAT Score	UC Score	ACT Score	SAT Score	UC Score
36	800	100		490	48
	790	98	20	480	47
35	780	97		470	45
	770	95	19	460	43
34	760	93		450	42
	750	92	18	440	40
33	740	90		430	38
	730	88	17	420	37
32	720	87		410	35
	710	85	16	400	33
31	700	83		390	32
	690	82	15	380	30
30	680	80		370	28
	670	78	14	360	27
29	660	77		350	25
	650	75	13	340	23
28	640	73		330	22
	630	72	12	320	20
27	620	70		310	18
	610	68	11	300	17
26	600	67		290	15
	590	65	10	280	13
25	580	63		270	12
	570	62	9	260	10
24	560	60		250	8
	550	58	8	240	7
23	540	57		230	5
	530	55	7	220	3
22	520	53		210	2
	510	52	1-6	200	0
21	500	50

3.45 & above	143

Rules for Students to Establish Residency

To be considered a California resident for the purpose of fees, an out-of-state student must have lived in California for more than one year preceding the residence determination date, relinquish residency in other states, show an intent to establish residency in California and demonstrate financial independence.

Unmarried undergraduates from other states qualify as financially independent if they were not claimed by their parents or others as dependents for tax purposes for two preceding tax years and if their annual income is sufficient to meet their needs. All married students and unmarried graduate and professional students from other states qualify as financially independent if their parents or others have not claimed them as dependents for tax purposes for the preceding year.

Other out-of-state students who qualify as financially independent include veterans of the U.S. armed services, students with legal dependents other than a spouse, students with both parents deceased, students who are wards of the court, and students who are at least 24 years of age by December 31 of the year they seek to be classified as residents.

Students holding nonimmigrant visas (F1, J1, etc.) may not establish California residency for the purpose of fees.

Students who cannot establish California residency under these rules will be required to pay out-of-state tuition as well as UC and campus fees. Non-California resident students paid an additional \$18,684 in tuition and fees in 2006–07. UC systemwide fees are \$6,141, and campus fees range from about \$381–\$1,452. The health care allowance/fee averages \$800 and may be waived if a student has equivalent coverage. Total costs for 2007–08 may be higher.

For comprehensive information about establishing residency, refer to the campus General Catalog or contact the campus Residence Deputy.

Financial Aid

The University of California is committed to helping all eligible students attend the University through a series of financial aid programs.

Financial assistance in the form of loans, grants, scholarships and work-study employment is available to students who comply with requirements and deadlines. The amount and types of aid awarded are determined by analyzing student and family resources and probable expenses.

To apply for financial aid, you must submit the 2007–08 Free Application for Federal Student Aid (FAFSA) between January 1 and March 2, 2007. California residents must submit the 2007–08 GPA Verification Form to the California Student Aid Commission during the same period. The forms are available at high schools, community colleges, the University of California and California State University campuses and most independent colleges.

Applicants for all terms in the 2007–08 academic year—fall 2007, winter 2008 and spring 2008—must submit the forms by March 2 to be considered for all aid for which they are eligible. If you are seeking financial aid for the summer 2007 term, contact the financial aid office at the campus you plan to attend.

For more information about scholarships, see pages 33–44. More information about financial aid is available in *Introducing the University*, the campus General Catalogs and online (www.universityofcalifornia.edu/admissions/paying.html). You may also contact the campus Financial Aid Offices. (See the UC Directory, beginning on page 45.)

International Students: In general, there are no financial aid programs available for international undergraduates attending the University. Some campuses award a very limited number of grants, loans or scholarships to international undergraduates; at other campuses, no assistance is available.

Before a U.S. consul will grant you a student visa, you must prove that you will have sufficient funds to meet all your expenses while studying in the United States. Unless you show written evidence of having financial support for the entire time needed to complete your degree program, you will not be granted a student visa.

Students With Disabilities

The University provides special assistance and services to support students with disabilities so they may participate fully in campus programs and activities. Each UC campus has an office that coordinates services for students with permanent and temporary disabilities. To obtain information about resources and services for students with disabilities, contact the office at the campus you wish to attend to discuss the program and your needs. Office addresses and phone numbers are listed beginning on page 45. Numbers preceded by “TTY” have equipment for callers who are hearing- or speech-impaired.

Hepatitis B Immunization

New UC students age 18 and under are required to provide proof of immunization against the hepatitis B virus prior to enrolling in the University. Information and instructions about fulfilling the requirement will be provided by the UC campus(es) to which the student is admitted.

Filling Out the Form

Use the freshman application form (available at www.universityofcalifornia.edu/admissions/download) to apply for undergraduate admission and scholarships at any University of California campus (except San Francisco) for one of the following terms: fall 2007, winter 2008 and spring 2008.

(If you previously were regularly enrolled at a UC campus and are applying for re-admission, you must submit a readmission application form. Consult with the campus Registrar or Admissions Office for more information.)

Look for the ♦

Detailed instructions for completing some of the numbered items on the application form are provided below and on the following pages. On the application form, the symbol ♦ appears to the left of each item that has instructions. When you see this symbol on the application form, be sure to read all related information and instructions before completing the item.

Please Read This Before Completing the Freshman Application Form

The University uses the information requested on the freshman application form in considering your application for admission and scholarships. Response to most of the questions is mandatory. If you do not supply all of the mandatory information, the processing of your application will be delayed and possibly prevented. Voluntary items are indicated by an asterisk (*) on the application form and in the instructions. You will not be penalized if you do not complete items that are voluntary; however, your responses to some of these questions may provide admissions evaluators with useful information about the context of your achievements.

The campus Admissions Offices and Financial Aid and Scholarship Offices maintain the information you provide on your application. The information will be provided to the state and federal governments if required by law. You have the right, according to the law, to access this information.

The State of California Information Practices Act of 1977 requires the University to provide this information to applicants for admission who are asked to supply information about themselves. Maintenance of the information is authorized by University policy.

Section I: Application Information

- 1. Application Term:** This application is valid for one term. Check one box only.

Winter/Spring Applicants: Check with the Admissions Offices at the campuses you're interested in to ensure that applications are being accepted. This information is also available at www.universityofcalifornia.edu/admissions/openmajors.

- 2. Applicant Category at Time of Enrollment:** The applicant categories described below are used to define entering level on the application for admission purposes only. Use this application only if you are applying to UC as a freshman (first-year) applicant. **If you are a transfer, second baccalaureate or limited status applicant, you must use the transfer application for admission and scholarships.** A copy of the transfer application is available for download at www.universityofcalifornia.edu/admissions/download.

Some academic programs at some campuses do not accept applications from students in certain applicant categories. These restrictions are noted in the list of undergraduate majors beginning on page 22.

If you are not sure of your applicant category, consult the Admissions Office at the campus(es) to which you are applying.

Freshman Applicant: You are considered a freshman (first-year) applicant if you are still in high school (secondary school) or have graduated from high school but have not enrolled in a regular session at any college or university.

If you plan to attend a college summer session immediately after graduating from high school or have completed college work while in high school, the University still considers you a freshman applicant.

Sophomore Transfer: You are considered a sophomore transfer applicant if you enrolled in a regular session at a college or university after graduating from high school and will have completed fewer than 60 semester (90 quarter) units of transferable coursework.

Junior Transfer: You are considered a junior transfer applicant if you will have completed 60–89 semester (90–134 quarter) units of transferable coursework at a college or university.

Senior Transfer: You are considered a senior transfer applicant if you will have completed 90 or more semester (135 or more quarter) units of transferable coursework at a college or university.

Second Baccalaureate: You are considered a second baccalaureate applicant if you are applying to an undergraduate degree program at the University and have already earned an undergraduate degree or a degree recognized by the University as equivalent to a UC baccalaureate. Some campuses do not accept applicants in this category.

Limited Status: You are considered a limited status applicant if you have already earned an undergraduate degree but wish to complete additional undergraduate coursework for a specific and clearly defined

purpose. Limited status is granted only in special circumstances. Contact the campus Admissions Office if you are considering applying in this category.

Section II: Student Information

- 3. Full Legal Name:** Use only your legal name. If you are a nonimmigrant, use the legal name that appears on your passport.
- 5. E-mail Address:** Campuses use e-mail to send critical, time-sensitive correspondence to applicants. You must provide an e-mail address that you check regularly and plan to keep until you enroll. If you do not have an e-mail address, you can sign up for free e-mail service through sites such as Yahoo Mail or Hotmail. Campuses send out e-mails with very important information, and you may need to adjust your e-mail filtering to accept mail from UC addresses.

Your e-mail address will not be released to any sources outside of the UC Admissions, Financial Aid and Scholarship Offices and campus departments, other than those you indicate in Section XIII (Release Authorization), Items 178–181.

If you change your e-mail address after submitting your application, be sure to update your information on the Application Status website (<https://www.ucapplication.net/ucap>) or notify in writing the Admissions Office at all campuses to which you applied.

6–7. Permanent and Current Mailing

Addresses: Enter a current mailing address only if it differs from your permanent address. If you enter a current address, that is the address the University will use for all correspondence with you, including your application acknowledgment and admissions notification. If you are an international applicant, list your home country address as your permanent address in Item 6.

If you list an address outside of the United States for your permanent or current mailing address, leave the “Zip Code” field blank. Be sure to enter your postal code in the “International Postal Code” field.

- 8. U.S. Military Service:** If applicable, indicate if you are currently on active military duty, a veteran of the U.S. armed forces, or in the Reserves or National Guard. Because the University is interested in knowing about your military service, you may wish to use

the personal statement to communicate the following: 1) to describe how your military service has been instrumental in developing your educational plans, 2) to indicate if you are entitled to educational benefits as a result of your own military service or the service-connected death or disability of a parent or spouse or 3) to indicate if you are affiliated with the military, such as but not limited to the spouse or dependent of someone who is on active duty or a current participant in an ROTC-type program.

- 15. Country of Citizenship:** If you are not a U.S. citizen, indicate your country of citizenship. Your country of citizenship is the country in which you were born (and have not renounced or lost citizenship) or naturalized.
- 16. Country of Permanent Residence:** If you are not a U.S. citizen, indicate your country of permanent residence. Your country of permanent residence is the place you principally and actually live, without regard to intent.
- 18. Visa Type if Nonimmigrant:** If you are a nonimmigrant and currently in the United States, respond to both (1) and (2) in Item 18. If you are a nonimmigrant and not currently in the United States, respond only to (2). Write the appropriate code and visa description from the list below in the spaces provided on the application form.

Code Visa Description

A1	Diplomatic and dependents [†]
A2	Other foreign governmental official or employee and dependents [†]
AM	Amnesty recipient defined by U.S. Department of Homeland Security
AS	Asylee defined by U.S. Department of Homeland Security
B2	Visitor—pleasure
E1	Treaty trader or dependent [†]
E2	Treaty investor or dependent [†]
F1	Student
F2	Dependent [†] of student
H1	Temporary specialty worker
H2	Temporary worker performing services unavailable in the United States
H4	Dependent [†] of H visa holder
I	Journalist or representative of foreign information service, media or dependent [†]
J1	Exchange visitor
J2	Dependent [†] of exchange visitor
K1	Fiancé(e) of a U.S. citizen
L1	Intracompany transferee
L2	Dependent [†] of L1 visa holder
M1	Vocational school student
M2	Dependent [†] of vocational school student

TD	Dependent [†] of TN visa holder
TN	Trade, NAFTA professional from Canada or Mexico
OT	Other

[†] In visa descriptions, “dependent” is defined as an accompanying spouse or child under the age of 21.

Section III: Family Information

The University uses the information requested in this section about parent and family circumstances to supplement the information you provide about academic preparation in other parts of the application. Your responses to these questions provide admissions evaluators with information about the context of your achievements. Your responses will be treated confidentially.

If you are applying for the Educational Opportunity Program (see Item 176), you must complete Items 22–33.

22–25.* Income: Do *not* count as income any financial aid you received in the form of grants, loans or scholarships.

For parents’ gross annual income (Items 22–23), include income earned by all parents and stepparents who contribute to the support of you and/or your household, including stepparents and parents you don’t live with.

26–31.* Family Size: Dependent students should complete Items 26–28. You are considered a dependent in a particular year if you were or will be claimed as a dependent on your parents’ (or legal guardian’s) income tax return for that year. Independent students should complete Items 29–31. You are considered independent in a particular year if you were not claimed as a dependent on your parents’ (or legal guardian’s) income tax return for that year. (Other definitions of dependent/independent are used in the financial aid application process.)

If you were dependent one year and independent one year, complete the appropriate item for each year.

If the family is headed by a single parent, check the box in Item 28 for dependent students, Item 31 for independent students.

Dependent students: If you do not live with your parent(s), please discuss your living situation in your personal statement. If your parents are separated or divorced, answer Items 26–28 about the parent who claimed you as a dependent on his or her income tax return. If the parent about whom you are

answering Items 26–28 has remarried, you must also include information about your stepparent. If you have a legal guardian, complete Items 26–28 about your legal guardian.

33.* Parents' Occupations: Describe your father's and mother's current and previous occupations, enter the appropriate occupational code(s) from the following list and indicate the number of years your parents have had these occupations.

Code Occupational Category

- 01 **Clerical**, such as bank teller, bookkeeper, secretary, mail carrier, ticket agent
- 02 **Craftsperson**, such as baker, auto mechanic, machinist, plumber, telephone installer, carpenter
- 03 **Farmer, farm manager**
- 04 **Homemaker**
- 05 **Laborer, farm worker, construction**
- 06 **Manager/administrator**, such as sales or office manager, school administrator, buyer, government official
- 07 **Military**, such as career officer, enlisted man or woman
- 08 **Operative**, such as meat cutter, assembler, machine operator, welder, taxi driver, bus or truck driver
- 09 **Professional**, such as accountant, artist, member of the clergy, dentist, physician, nurse, engineer, lawyer, librarian, teacher, scientist, social worker, computer programmer, writer, actor
- 10 **Proprietor**, such as owner of a small business or restaurant, contractor
- 11 **Protective service**, such as detective, police officer, guard, firefighter
- 12 **Advertising or insurance agent, real estate broker**
- 13 **Service**, such as barber, beautician, private household worker, janitor, salesperson, sales clerk, waiter
- 14 **Technical**, such as draftsman, medical or dental technician, data processor
- 15 **Other**, such as retired, deceased or unemployed

34.* Parents, Legal Guardian or Spouse—UC Employees (out-of-state students only): If you are not a California resident and at least one of your parents or your legal guardian or spouse is a UC employee, it is to your advantage to provide this information. Your eligibility for admission will be determined according to eligibility requirements used for residents of California, as described on pages 7–9 of this booklet. Additionally, in some instances, you may qualify for a reduction

in out-of-state fees. For information regarding fees, consult the Registrar's Office at any UC campus. Providing this information is voluntary.

Section IV: Educational History

35–44. College Board Codes: You must provide the College Board code for each institution in the United States and Canada that you list in Items 35–44. You may obtain College Board codes from your high school counselor, by accessing the school code search online (at www.collegeboard.com/student/testing/sat/codelist.html), or by contacting the UC Undergraduate Application Processing Service by e-mail at ucinfo@ucapplication.net or by telephone at (800) 523-2048 (within California). If you send an e-mail, include the name(s) and address(es) of the institution(s) for which you need the code(s).

45. Current/Last Enrollment: Indicate the type of institution where you are presently enrolled or, if you are not currently enrolled, where you were last enrolled. If you were last enrolled at a college summer session following high school graduation, you are considered to have last enrolled at a high school.

Applicants from British System Schools: If you are completing Advanced Level Examinations in the British system, check the appropriate (public or private) high school box.

46. Education Outside the United States: If your only schooling outside the United States was at a high school summer session or an American, International or Department of Defense high school, *do not check the box.*

Section V: Extracurricular Information

This section gives you the opportunity to provide the University with information about the honors and awards you have received and the activities you are involved in outside the classroom. Space is limited, so you may not be able to list all of your honors and activities. The University is interested in the honors and activities you consider most important, so select the most significant items in each category to include in Items 48–52.

48. Honors and Awards: List and describe briefly the honors and awards you have received since ninth grade. Check the appropriate box to indicate whether the honor or

award is academic or nonacademic and provide the date it was received.

49. Extracurricular Activities: List and describe briefly the extracurricular activities in which you have participated since ninth grade. Check the appropriate box(es) to indicate the grade level(s) in which you participated and enter the average hours per week and weeks per year of involvement. If you participated after graduating from high school, check "After 12th" and provide the number of years you were involved.

50. Volunteer and Community Service: List and describe briefly the volunteer and community service work (unpaid) you have performed since ninth grade. Note any leadership positions. Check the appropriate box(es) to indicate the grade level(s) in which you participated and enter the average hours per week and weeks per year of involvement. If you participated after graduating from high school, check "After 12th" and provide the number of years you were involved. Do not list paid work. Indicate paid employment in Item 52.

51. Educational Preparation Programs: The University is interested in knowing if you have participated in programs or activities in high school or after that have enriched your academic experiences or helped you to prepare for college. Such programs may offer academic enrichment in one or more specific subject areas such as mathematics or science, research opportunities or special study opportunities, such as study abroad. Examples of such programs include, but are not limited to, COSMOS, MESA, Puente, UC College Prep Initiative and other academic programs offered by colleges/universities, community-based organizations, educational institutions or private organizations.

If you have participated in any of the educational preparation programs listed on page 14, enter the name(s) and corresponding two-digit code(s), briefly describe your participation, check the appropriate box(es) to indicate the grade level(s) in which you participated, and enter the average number of hours per week and weeks per year of your involvement. If you participated after graduating from high school, check "After 12th" and provide the number of years you were involved. If you have participated in a program that is not listed, enter the code for

* Voluntary

“Other” and write the name of the program in the space provided.

To provide admissions evaluators with more information about your involvement, you may discuss the scope of your participation in your personal statement.

Code Program

- 01 ATDP (Academic Talent Development Program)
- 02 Cal-SOAP
- 03 CAMP (California Alliance for Minority Participation in Science, Engineering, and Mathematics)
- 04 CBOP (Career Based Outreach Program)
- 05 COSMOS
- 06 Early Academic Outreach Program (EAOP)
- 07 Educational Guidance Center (EGC)
- 08 Educational Talent Search
- 09 UCSF Health Science Enrichment Program (HSEP)
- 10 GEAR UP
- 11 MESA (Mathematics, Engineering, Science Achievement), including MESA Schools Programs, SUCCESS Through Collaboration and California Community College Program
- 12 PDP (Professional Development Program)
- 13 Puente Program
- 14 UC College Prep Initiative (UCCP)
- 15 UCSC SAGE (Students Acquiring “A-G” Expectations)
- 16 Upward Bound
- 17 Young Entrepreneurs at Haas
- 18 Other (*Please specify in space provided.*)

52. Employment: List and describe briefly your paid employment since ninth grade. Check the appropriate box(es) to indicate the grade level(s) in which you were employed and the beginning and ending dates and average number of hours per week of employment. Indicate your period of involvement at a specific job: year-round, summer only, school year only. If you were employed after graduating from high school, check “After 12th” and enter the number of years.

In the space provided, briefly explain how you have used or plan to use your earnings.

Section VI: Self-Reported Academic Record

Freshman applicants must complete Section VI of the application, the Freshman Self-Reported Academic Record. (See definition of freshman applicants in the section on Applicant Category at Time of Enrollment on page 11.) The University uses the Self-Reported Academic

If You Attended School Outside the United States

If part or all of your education from grade nine on took place outside of the United States, complete the Self-Reported Academic Record as best you can. The University has experienced international admission specialists who are knowledgeable about the different grading systems and methods of reporting coursework in different countries.

Please read the following instructions before completing the Self-Reported Academic Record. If you need additional assistance, you may contact the international admission specialist at the campus you wish to attend. Addresses and telephone numbers are included in the directory that begins on page 45.

It is essential that you list all schools you attended outside the United States in Items 35–44 and complete Items 46 and 47 on the application so that admissions evaluators are aware that you attended school outside the United States.

Grade Level: On the Self-Reported Academic Record, grades are referred to by the standard names used by schools in the United States: 9th grade, 10th grade, 11th grade and 12th grade. If your school uses different names to describe grades or years, please list your courses in the grade/year columns you believe are most appropriate.

In the United States, 12th grade is equivalent to the year of schooling prior to attending college/university. If you attended school in a system where the primary and secondary education totals 13 years (e.g., Germany, Great Britain), list your 13th year of coursework in the 12th grade column, and work backward through the 11th, 10th and 9th grade columns.

In the United States, the words “college” and “university” are often used interchangeably. College-level is the same as university-level. College is not upper-level secondary school in the United States.

Grading Systems: Marks received are also referred to as “grades” in the United States. The standard grading system is A, B, C, D and F. Schools in some other countries use different methods for reporting marks. If this is the case for you, list the marks you received exactly as they were given by your school—as numbers, letters, percentages or words.

If you took any external examinations in secondary school (such as GCE Advanced Level, HKCEE, GCSE, ICSE, ISC, AISSC or Matriculation Examination), please list the mark you earned in each examination rather than the mark assigned by your teacher at the end of the corresponding course.

Language of Instruction: If the language of instruction at the school you attended was not English, list any courses you completed or plan to complete in grammar/composition/literature in that language in Item 54, the subject area labeled English (Language of Instruction). If you completed or plan to complete courses in a language other than that used for instruction, list those courses in Item 57, the subject area labeled Language Other Than English (Second Language).

Transcripts: Please refer to the instructions about transcripts on page 4 of this booklet. If your secondary school records are in a language with an alphabet other than the Roman alphabet, you must obtain an official translation of your records.

Year Abroad Students: If you are a U.S. high school student who completed a year abroad program, list the foreign school you attended in Section IV of the application and follow the guidelines above when listing coursework on the Self-Reported Academic Record.

Record to make a preliminary review of your academic performance in high school (secondary school) and to offer provisional admission.

It is very important that you complete the Self-Reported Academic Record accurately. To do so, refer to grade reports and transcripts and, if your high school is in California, the list of UC-approved courses on file with your school; do not work from memory. You must list all academic courses completed. If you have repeated coursework, see page 15 for instructions.

The Admissions Offices will verify the information you provide on the Self-Reported Academic Record. If any information is found to be incomplete or inaccurate, it may jeopardize your admission to or enrollment in the University.

A sample of a completed academic record is provided on page 16. Review the sample carefully before completing the Self-Reported Academic Record on pages 4–5 of the application form.

Record of Academic Courses and Grades (Items 53–65)

List Academic Subject Courses Write course titles as they appear on your transcript. List all academic courses you completed in grades 9–11, regardless of the grades you earned, as well as all academic courses you are currently taking and plan to take in grade 12. You must list courses you have repeated or plan to repeat, including courses in which you earned grades of D or F.

Do not limit your entries to only those academic courses required to meet UC minimum admission requirements. If you are not sure which courses the University considers academic subject courses and you attend high school in California, check the UC-approved certified course list for your high school; it is available from your school counselor or principal's office and online (www.ucop.edu/doorways/list).

College/University Courses: If you have taken or plan to take transferable college/university courses while in high school, list the course title, college/university name and grade earned (if completed) in the appropriate year column. List the college course once, indicating the term it was taken. For any college course completed in grades 10–12 that is transferable for advanced-standing credit at UC, enter CL in the space provided for honors status. Be sure to include any college(s) you list here in Section IV.

Repeated Courses: If you took or plan to take any academic course more than once, you must indicate this on the Self-Reported Academic Record. List the course title and grade earned in the appropriate column each term you took the course. You must include all grades earned—both the original and repeated course grades—on the Self-Reported Academic Record.

Summer Session Courses: If you completed courses in the summer session following 9th grade, enter the titles and term grades in the 10th-grade column. If you completed these courses in the summer following the 10th or 11th grade, list the titles and the term grades in the 11th-grade column.

Block System: If your school uses the block system (full-year course offered during one term), list the course name once for each final grade you received. For example, if you received two final grades for a block course, list the course name twice. Write “Block System” next to the course name.

12th-Grade Courses: Enter titles of courses you are taking and that you plan to take in the spring (second) term. If you have already graduated from high school, please indicate grades in parentheses next to the course titles.

Enter Honors Status (Grades 10–12) Indicate any UC-approved honors courses you completed in grades 10 and 11 and plan to complete in grade 12 by entering one of the following two-letter codes in the space adjacent to the course title:

- ▶ AP—Use AP to indicate Advanced Placement courses (see list on page 18);
- ▶ H—Use HL to indicate other UC-approved honors courses on your school's UC-certified course list;
- ▶ IB—Use IB to indicate UC-designated International Baccalaureate courses (see the University's website for a list of UC-designated IB courses. Go to www.ucop.edu/doorways/list, type “International Baccalaureate” into the “School or Program Name” field and then click the “Search” button);
- ▶ CL—Use CL to indicate transferable college/university courses taken at a college while enrolled in high school. The course must be transferable to the University for credit to be designated as honors.

If you attend school in California, each high school course you indicate as honors must be designated as a UC-approved honors course on your school's UC-certified course list. UC-approved honors courses on the list are marked with a gold star. Obtain the list from your counselor or look it up online (www.ucop.edu/doorways/list).

Grade 10 Honors: Very few courses taken in the 10th grade are considered UC-approved honors courses. A 10th-grade course title may include the word “honors,” but it is unlikely that the course is a UC-approved honors course. For example, grade 10 courses in English, world history, algebra 1 and geometry are never certified as UC-approved honors courses. Consult your school's UC-certified course list to see which courses are designated as UC-approved honors.

Nonresidents: If your high school is not in California, use HL to indicate special courses your school has designated as honors, with the exception of 10th-grade English, world history, algebra 1 and geometry.

Enter Grades Earned Enter your term grades for each of your courses in grades 9–11. Grade 9 grades are not included in the GPA

calculation for admission purposes.

Alternate Term System: If your school uses a calendar system other than the semester system (two terms per academic year), such as the trimester system (three terms per academic year) or quarter system (four terms per academic year), report all terms and grades earned on the Self-Reported Academic Record. Draw vertical lines in the grade columns to accommodate additional terms. For example, if your school uses the trimester system, add one vertical line to one of the grade columns and report all three grades you earned. If your school uses the quarter system, add a vertical line to each of the grade columns and report all four grades you earned. Check the appropriate box(es) in Item 68 to indicate the term system(s) used. If the term names are unfamiliar, use the number of grades you received for a yearlong course as your guide.

Block System: If your school uses the block system (full-year course offered during one term), list each final grade you received. For example, if you received two final grades for a block course, enter both final grades for that course in the appropriate term column. (Be sure to list the course name twice and write “Block System” next to it.) Check the term box(es) in Item 68 that correlate(s) to the number of final grades you received for your block course(s) in grades 10 and 11.

Alternate Grading System: If your high school/secondary school uses a grading system other than A-B-C-D-F, consult your high school's suggested conversion to the letter-grade system and list the converted grades on the Self-Reported Academic Record. Check the box in Item 69 to indicate that your school uses a grading system other than A-B-C-D-F.

If your high school does not have a conversion scale, do not convert your grades. List your grades exactly as they appear on your transcript and check the box in Item 69 to indicate that your school uses a grading system other than A-B-C-D-F.

Add Semester Courses Enter the number of semester courses for each subject in the right-hand column of page 5 of the application form. Each semester counts as one course. If your school uses a trimester or quarter system, include all terms.

Add the numbers in the right-hand column and enter the total in Item 60.

Add Course Totals (Items 61–65) Enter the number of courses listed in each column. The total should equal that in Item 60.

♦ VII. TEST SCORES AND DATES — Required for all applicants graduating after spring 2005
(If you graduated from high school in spring 2005 or earlier, skip to Section VIII.) Freshman applicants who graduated from high school after spring 2005 must report completed test dates and scores (or planned test dates) for: (1) Either the ACT Assessment Plus/Writing or the SAT Reasoning Test, AND (2) Two SAT Subject Tests from two different subject areas. Record your scores exactly as reported by the testing agency. If you have taken the ACT or the SAT Reasoning Test more than once, record your highest set of scores from a single test date. For the SAT Subject Tests, report all exams you have taken. UC will use your highest scores from two different subject areas. See page 18 of the freshman application instructions for Subject Test codes (the English Literature and Mathematics codes have been entered for you). If you have taken an exam but have not yet received your score, list the date you took the test under "Planned Test Date." If you are unable to take the required SAT or ACT examinations, explain why in item 172 on page 7 of this form. Not taking required examinations may affect your admission to UC.

♦ VIII. TEST SCORES AND DATES — Required for all applicants who graduated in spring 2005 or earlier
(If you graduated from high school after spring 2005, ignore this section and fill out Section VII above.) Freshman applicants who graduated from high school in spring 2005 or earlier must report completed test dates and scores (or planned test dates) for: (1) Either the ACT or the SAT I, AND (2) Three SAT II Subject Tests (Writing, Mathematics and a third test). All exams must have been taken before you graduated from high school. Record your scores exactly as reported by the testing agency. If you took a test more than once, record your highest set of scores from a single test date. See page 18 of the freshman application instructions for Subject Test codes. If you have taken an exam but have not yet received your score, list the date you took the test under the appropriate "Planned Test Date." If you are unable to take the required SAT or ACT examinations, explain why in item 172 on page 7 of this form. Not taking required examinations may affect your admission to UC.

SAT I: REASONING TEST		VERBAL SCORE		MATH SCORE		TOTAL SCORE	
TEST DATE	SCORE	TEST DATE	SCORE	TEST DATE	SCORE	TEST DATE	SCORE
NO. <input type="checkbox"/> YR. <input type="checkbox"/>	<input type="text" value="22"/>	NO. <input type="checkbox"/> YR. <input type="checkbox"/>	<input type="text" value="23"/>	NO. <input type="checkbox"/> YR. <input type="checkbox"/>	<input type="text" value="24"/>	NO. <input type="checkbox"/> YR. <input type="checkbox"/>	<input type="text" value="25"/>
NO. <input type="checkbox"/> YR. <input type="checkbox"/>	<input type="text" value="06"/>	NO. <input type="checkbox"/> YR. <input type="checkbox"/>	<input type="text" value="07"/>	NO. <input type="checkbox"/> YR. <input type="checkbox"/>	<input type="text" value="08"/>	NO. <input type="checkbox"/> YR. <input type="checkbox"/>	<input type="text" value="09"/>
TOTAL SCORE		PLANNED SAT REASONING TEST DATE		NO. <input type="checkbox"/> YR. <input type="checkbox"/>		NO. <input type="checkbox"/> YR. <input type="checkbox"/>	
<input type="text" value=""/>		<input type="text" value=""/>		<input type="text" value=""/>		<input type="text" value=""/>

MATHEMATICS — Level IIC		<input type="text" value="133"/>	<input type="text" value="134"/>	<input type="text" value="135"/>	<input type="text" value="136"/>
THIRD TEST		<input type="text" value="137"/>	<input type="text" value="138"/>	<input type="text" value="139"/>	<input type="text" value="140"/>
Enter in item 135 the SAT II code that corresponds to your third SAT II test. See page 18 of the freshman application instructions for codes.		<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>

♦ Please read the additional information in the freshman application instructions before completing items marked with this symbol.

Section VII and VIII: Test Scores

72–121. If you graduated from high school after spring 2005, enter your test information in Section VII. (If you graduated from high school in spring 2005 or earlier, follow the instructions for items 122–137.) You must take ACT Assessment plus Writing or SAT Reasoning Test. In addition, you must take two SAT Subject Tests in different areas. List the dates of and scores earned on any tests you have taken and list the dates of any test you plan to take. Record your scores exactly as reported by the testing agency. If you have taken an examination more than once, use your highest score. The critical reading, mathematics and writing scores on the ACT or SAT Reasoning Test must be from the same sitting. In Items 82–121, enter the code from the list at right that corresponds to each of the SAT Subject Tests you took or plan to take. Enter each test code in the correct subject area on the form. For example, for the French examination, enter “FR” in the “Test Code” box under “Languages.” If you have taken more than two SAT Subject Tests, enter your additional tests and scores. Your highest test scores will be used. (See sample, page 17.)

122–137. Freshman applicants who graduated from high school in spring 2005 or earlier are required to have taken the SAT I (or ACT) as well as three SAT II: Subject Tests, including Writing; Mathematics Level I, IC or IIC; and a third test. SAT I mathematics and verbal scores must be from the same sitting. If you took an examination more than once, use your highest score. Your highest test scores will be used.

You may not substitute the SAT II: English Literature for the Writing exam. If you took Mathematics I or IC and Level IIC, provide your scores on both tests. In Item 135, enter the code from the list below that corresponds to the third SAT II: Subject Test you took. Do not use a mathematics test for your third required SAT II.

Subject Area	Subject Test Name	Code
English	Literature	LR
Mathematics	Math Level 2 (formerly Math IIC)	M2
Science	Biology Ecological (E)	EB
	Biology Molecular (M)	MB
	Chemistry	CH
	Physics	PH
History and Social Studies	European History and World Cultures (discontinued)	EH
	U.S. History (formerly American History and Social Studies)	UH
	World History	WH
Languages	Chinese With Listening	CL
	French	FR
	French With Listening	FL
	German	GM
	German With Listening	GL
	Spanish	SP
	Spanish With Listening	SL
	Modern Hebrew	MH
	Italian	IT
	Latin	LT
	Japanese With Listening	JL
	Korean With Listening	KL

- 35 Spanish Literature
- 36 Statistics
- 37 U.S. Government and Politics
- 38 U.S. History
- 39 World History

159–171. **International Baccalaureate:** List the test name, corresponding subject area one-digit code and test date of the UC-designated International Baccalaureate (IB) examination(s) you have completed or plan to take. The University grants credit for all Higher Level (HL) exams listed below. List scores earned for completed examinations. Check the box in Item 171 if you have completed or plan to complete the full International Baccalaureate diploma. You can list up to twelve IB exams in Items 159–170. Check with your counselor if you are not sure of the examination subject area.

Code	IB Subject Area
1	Languages A1: <i>English A1, French A1, etc.</i>
2	Second Languages A2, B: <i>English A2, English B, French A2, French B, etc.</i>
3	Individuals and Societies: <i>Economics, Geography, History, Philosophy, Psychology, Social and Cultural Anthropology</i>
4	Experimental Sciences: <i>Biology, Chemistry, Environmental Systems, Physics</i>
5	Mathematics and Computer Science: <i>Computer Science, Mathematics</i>
6	Arts: <i>Dance, Film, Music, Theater Arts, Visual Arts</i>

Section IX: Other Examinations

141–158. **Advanced Placement Examinations:** List the test name, corresponding two-digit code and test date of any College Board Advanced Placement examinations you have completed or plan to take. List scores earned for completed examinations.

Code	AP Examination
01	Art: Art History
02	Art: Studio Art (discontinued)

14	Computer Science AB
15	Economics: Macroeconomics
16	Economics: Microeconomics
17	English Language and Composition

Personal Statement Format

- ▶ Use 8.5" x 11" white paper for your personal statement. Use only one side of each sheet.
- ▶ Write in black or blue ink or type, using double-spaced, 12-point type in a common font (such as Times).
- ▶ Indicate clearly which question you are answering, either by numbering your responses to match the questions or by repeating the question above your response. (The question will not be counted toward your word total.)
- ▶ In the top right corner of each page, print your name, your date of birth and the words "Personal Statement."

Section X: Personal Statement

The personal statement is an important part of your application for admission. There are limitations to what grades and test scores can tell the University about an applicant. The University uses your statement to learn more about you as an individual—your talents, experiences, achievements and points of view. Think of the personal statement as your opportunity to introduce yourself to the admissions officers and faculty who will be evaluating your application. What would you like us to know about you that may not be evident from a review of the rest of your application?

Your personal statement should reflect your own ideas and be written by you alone. Write in a natural style so that your answer conveys who you are. Present your information and ideas in a focused, thoughtful and meaningful manner. Support your ideas with specific examples. A personal statement that is simply a list of qualities or accomplishments is usually not persuasive. *The personal statement is required of all applicants.*

Instructions

- ▶ Respond to *all three* short-answer questions, using a total of no more than 1,000 words.
- ▶ Limit two answers to approximately 200 words each. Give one question an extended answer of at least 600 words. You may choose which question to answer at more length. (A rationale is provided with each question to help you understand what the University is looking for in your responses.)

- ▶ You must stay within the 1,000-word limit as closely as you can. It is acceptable if you run a little over or under on an individual question. (For example, a word count of 205 or 199 words is fine on your 200-word responses.)

Questions

1) Academic Preparation

Rationale: The University seeks to enroll students who take initiative in pursuing their education (for example, developing a special interest in science, language or the performing arts; or becoming involved in educational preparation programs, including summer enrichment programs, research or academic development programs such as EAOP, MESA, Puente, COSMOS or other similar programs). This question seeks to understand a student's motivation and dedication to learning.

- ▶ How have you taken advantage of the educational opportunities you have had to prepare for college?

2) Potential to Contribute

Rationale: UC welcomes the contributions each student brings to the campus learning community. This question seeks to determine an applicant's academic or creative interests and potential to contribute to the vitality of the University.

- ▶ Tell us about a talent, experience, contribution or personal quality you will bring to the University of California.

3) Open-ended

Rationale: This question seeks to give students the opportunity to share important aspects of their schooling or their lives—such as their personal circumstances, family experiences and opportunities that were or were not available at their school or college—that may not have been sufficiently addressed elsewhere in the application.

- ▶ Is there anything you would like us to know about you or your academic record that you have not had the opportunity to describe elsewhere in this application?

Section XII: Admission and Scholarship Choices

173. Campus and Major Choices: Check the appropriate box for each campus at which you wish to be considered for admission. Enter the undergraduate major name and corresponding major code in the appropriate columns. You must enter a major name and code for each campus you select.

Campus Guidelines on Alternate Majors

Berkeley

Applicants are not considered for admission to alternate majors.

Davis

Applicants should select an alternate major; in some cases, it may be considered.

Irvine

Applicants are encouraged to select an alternate major.

Los Angeles

In general, applicants are not considered for admission to alternate majors.

Merced

Applicants are encouraged to select an alternate major.

Riverside

Eligible applicants will be admitted to their preferred major.

San Diego

Engineering: Applicants to majors in engineering must indicate an alternate major.

Santa Barbara

College of Engineering: Applicants are advised to indicate an alternate engineering major *if it is a viable career path* (the alternate choice may be considered). Freshman applicants not admitted to the College of Engineering will be considered automatically for admission to open majors in the College of Letters and Science.

College of Creative Studies: Applicants are encouraged to indicate an alternate major in the College of Letters and Science. Applicants not admitted to the College of Creative Studies will be considered automatically for admission to the College of Letters and Science.

Santa Cruz

The Jack Baskin School of Engineering: Applicants are encouraged to indicate an alternate major.

The list of majors and corresponding codes are listed by campus beginning on page 22. Please read the list carefully and make note of any special requirements indicated for the major(s) you select. Be sure to use the correct codes. Each campus has its own set of codes, so a particular major will have a different code at each campus that offers it. If you use an incorrect code, processing of your application may be delayed.

Applying Undeclared: Students who are undecided about what they wish to study may apply Undeclared to some colleges or schools at all campuses. At the UC Davis College of Agricultural and Environmental Sciences, the option for undecided students is called Exploratory. Not all colleges or schools offer an option for undecided students and, in some cases, it is available only to freshman and lower-division transfer applicants. Restrictions are noted in the list of majors.

The University encourages you to select campuses and majors carefully. (Please see “Selecting Campuses and Programs of Study” on page 6.) Academic programs are described in detail in the campus General Catalogs, which are available on the campus websites or through the campus bookstores.

Alternate Major Choices: Some campuses and colleges will consider you for admission to an alternate major. Campus policies on alternate majors are listed on page 19. If you wish to apply for an alternate major, enter the major name and major code in the appropriate box in Item 173.

Choosing an alternate major may help the Admissions Office place you in another major if you cannot be admitted to your first choice. However, there is no guarantee that you will be admitted to the alternate major.

174. San Diego College Ranking: Applicants indicating San Diego as a campus choice in Item 173 must rank UCSD’s colleges in order of preference, 1 through 6, to have the best chance of assignment to the college of their choice. If you do not indicate a preference, you will be assigned to a college by the Admissions Office. Each of the six colleges at San Diego has a distinct educational approach. More information about the college system and each college is available online (admissions.ucsd.edu) and in the UCSD General Catalog

(www.ucsd.edu/catalog). If you have additional questions, contact the UCSD Office of Admissions and Relations with Schools. (See page 46 for address and telephone number.)

Your choice of college will not affect your admission to UCSD. In addition, the major you select at San Diego will not affect your choice of college.

175.* Scholarships: The University awards a variety of scholarships to undergraduates in recognition of achievement and potential. Scholarships offered include Regents Scholarships, Alumni Scholarships and Chancellor’s Scholarships, as well as restricted scholarships for students with specific backgrounds, academic interests or career objectives.

You will be considered for all scholarships for which you are eligible, provided you comply with scholarship application requirements as described on pages 33–44 and you supply any additional information requested by the campus(es). Check Item 178 to authorize the University to release your application information and test scores to outside agencies that award scholarships.

Financial need is not considered in determining eligibility or award amounts for honorary scholarships. To be eligible for other scholarships, students must apply and qualify for financial aid; award amounts for these scholarships vary according to financial need.

Please refer to pages 33-44 of these instructions for more information about scholarship opportunities at the University. This section describes the scholarship programs, including eligibility and selection criteria and additional application requirements.

Some scholarships are available only to U.S. citizens and permanent residents. Restrictions are noted in the Requirements for Campus Scholarships section beginning on page 35.

In Item 175, enter the appropriate codes for the restricted scholarship characteristics that apply to you. Restricted scholarships are described on pages 43–44 of these instructions. The University is able to determine your eligibility for other restricted scholarships based on information provided elsewhere in your application. You will be considered for those for which you are eligible.

176.* Educational Opportunity Program: EOP provides assistance to students from disadvantaged backgrounds. This program is open only to California residents and American Indians from any state.

If you wish to apply for the Educational Opportunity Program, check the box. Please discuss your reasons for applying to EOP in your personal statement. *You must also complete Items 22–33 on page 2 of the freshman application form.*

177. Eligibility in the Local Context

Identification Number: If you were notified by the University that you qualify for the Eligibility in the Local Context (ELC) program, enter the ELC identification number included in your notification in Item 177. If you have misplaced the ID number, you may obtain it from your high school counselor.

Section XIII: Release Authorization

178.* By checking Item 178, you authorize the University to release information concerning your application, including copies of your application and test scores, to outside agencies that award scholarships to UC students. To change this authorization after submitting your application, you must notify the campus Scholarship Office(s) *in writing*.

179.* By checking Item 179, you authorize the University to release information concerning your application and admission and scholarship status upon request to your parents, legal guardian or spouse. Without this authorization, information regarding your application will not be disclosed to them. For example, if you do not check the box, the University will not inform your parents, legal guardian or spouse about the receipt of your application, transcripts or other supporting documents, or whether you have been admitted to the University or qualified for a scholarship. To change this authorization after submitting your application, you must notify the campus Admissions Office(s) *in writing*.

180.* By checking Item 180, you authorize the University to release information concerning your application and admission and scholarship status to your school or college counselor/counseling office. If you do not check the box, the University may not inform

your school or counselor whether you have applied or been admitted. To change this authorization after submitting your application, you must notify the campus Admissions Office(s) in writing.

- 181.*** By checking Item 181, you authorize the University to release biographical information from your application (including your name, address, phone number, gender, intended major and other information) to recognized UC student organizations and alumni groups that may wish to contact you before and after admission decisions are made. To change this authorization after submitting your application, you must notify the campus Admissions Office(s) in writing.

Section XIV: Statistical Information

The information requested in this section will be used for statistical analysis only. It will not be used in your admission evaluation and will have no bearing on your admission. Providing this information is optional.

(The term “American Indian/Alaska Native” refers to an individual who is identified with an Indian tribe, band or other organized group of Indians, including those groups currently or formerly recognized by the federal government and/or those recognized by the state in which they reside. For more information, contact the EOP Office at the campus[es] of choice [or the Admissions Office at campuses without EOP Offices]. Please specify tribal affiliation in the space provided.)

Section XV: Signature and Social Security Number

- 184. Social Security Number:** If you do not have a Social Security number, you can omit it from the form. If you are a U.S. citizen and do not have a Social Security number, apply for one through the nearest district Social Security Office and notify the Admissions Office(s) when you receive it. If you are not a U.S. citizen and live in another country, you do not need to obtain a Social Security number.

The Social Security number you provide will be used by the University to verify your identity and will be reported to the Internal Revenue Service pursuant to the Taxpayer’s Relief Act of 1997. Disclosure is mandatory. This notification is provided to you as

required by the Federal Privacy Act of 1974. The University’s record-keeping systems related to this application were established prior to January 1, 1975, pursuant to the authority granted to The Regents of the University of California under Article IX, Section 9 of the California Constitution.

Your Social Security number and other information from your application may be provided to entities engaged in research and analysis on educational and financial issues related to higher education. This information will be treated confidentially and will not be released to the public.

Signature and Date: You must sign and date your application. Without your signature, your application is not complete and cannot be processed.

Verification of Application Information: By signing your application, you certify that all the information provided in your application and all supporting documents and future communications are complete and accurate. You also certify that you are the author of your personal statement. You understand that the University of California may verify any information you have provided in your application, including your personal statement, and may deny you admission or enrollment if any information is found to be incomplete or inaccurate.

The University conducts a pre-admission verification with a random sample of applicants who are notified in early January that they must submit verification documents to be considered for admission. Applicants may be asked to verify an item from one of the following application sections: Honors and Awards, Extracurricular Activities, Volunteer Work and Community Service, Educational Preparation Programs, Employment, Self-Reported Academic Record and the Personal Statement. Falsification is the basis for a denial or revocation of admission to the University. Failure to submit the required documentation by the deadline will result in applications being withdrawn from further admission consideration at all campuses.

Please note that offers of admission are provisional until the campus receives your final official transcript and verifies successful completion of all coursework required for UC eligibility.

Release of Information to UC Campuses:

By signing your application you authorize the University to release information concerning your application, including copies of your application and test scores, to any UC campus.

XVI. Residency Information for Tuition Purposes

After a student accepts admission and submits a Statement of Intent to Register, the campus Registrar’s Office may use the residency information provided in Section XVI to determine the student’s California residency status for tuition purposes. The residency criteria used to determine tuition are different from the criteria used for admission eligibility. Your responses to the questions in Section XIV have no impact on your eligibility for admission to the University of California. Providing this information on the application is optional. Information on California residency for tuition purposes can be found online at www.universityofcalifornia.edu/admissions/undergrad_adm/ca_residency.html. Direct questions to the Residency Deputy at one of the campuses to which you wish to apply (telephone numbers for the Offices of the Registrar are listed on pages 45-47).

Major Codes

It is essential that you use the correct undergraduate major code(s) on your application form. Each campus has its own set of major codes. Similar majors offered at different campuses will have different major codes.

Be sure that the major code you select for each campus you apply to is correct. If you use incorrect code(s), processing of your application may be delayed, which could jeopardize your opportunities for admission.

The undergraduate degree programs available at each campus are listed on the following pages in alphabetical order. You should be aware that similar programs may have different names on different campuses. For example, Dramatic Arts and Theater are similar, and Psychobiology and Biopsychology are similar.

You will find detailed descriptions of the academic programs in the campus General Catalogs. Please read these descriptions before making your selections. If you have any questions about a major program, refer to the catalog or contact the campus Admissions Office.

The corresponding code for each major appears in the first column, the major name in the second column and the degree(s) offered in the third column. Any applicable comments appear in italics beneath the corresponding program. The program names that appear indented below the major name are areas of specialization, options or concentrations within the major. These subspecialties are listed so you may consider all aspects of a major that interests you.

Code	Program	Degree	Code	Program	Degree
Berkeley					
Haas School of Business					
7001	Business Administration	B.S.			
	<i>Available to junior transfers only. Freshman applicants should apply to Undeclared/Pre-Business Administration/Letters and Science (code 7108).</i>				
College of Chemistry					
	<i>Applicants to the College of Chemistry are advised to discuss their interest in their intended major in the personal statement.</i>				
7002	Chemical Biology	B.S.			
7003	Chemical Engineering	B.S.			
7004	Chemical Engineering/Materials Science and Engineering	B.S.			
	<i>Joint major available to junior transfers only.</i>				
7005	Chemical Engineering/Nuclear Engineering	B.S.			
	<i>Joint major available to junior transfers only.</i>				
7006	Chemistry	B.S.			
	<i>Also offered in the College of Letters and Science (Chemistry, B.A.).</i>				
College of Engineering					
	<i>Applicants to the College of Engineering are advised to discuss their interest in their intended major in the personal statement.</i>				
7007	Bioengineering	B.S.			
7008	Civil Engineering	B.S.			
	Engineering and Project Management				
	Environmental Engineering				
	GeoEngineering				
	Structural Engineering				
	Transportation

Important Notice About Applying for Scholarships

To apply for scholarships, submit an application for admission and scholarships during the appropriate filing period. Late applications will not be considered for scholarships. In addition, each campus sets minimum selection criteria, awarding guidelines and supporting documentation requirements that you must satisfy to be considered. These requirements are described in the Requirements for Campus Scholarships section, beginning on page 35.

Contact the campus Scholarship or Financial Aid Office if you have questions about the scholarship programs or application process. Addresses and telephone numbers are listed beginning on page 45.

International Applicants Some scholarships are available only to U.S. citizens and permanent residents. Restrictions are noted in the Requirements for Campus Scholarships section, beginning on page 35.

Each University campus and some campus alumni associations award scholarships to students in recognition of achievement and potential. A wide variety of scholarships are available, including the Universitywide Regents Scholarships and campus-based scholarships, such as Alumni Scholarships and Chancellor's Scholarships. There are also restricted scholarships for students with specific backgrounds, academic interests or career objectives. At most campuses, students are eligible to receive more than one award.

Financial need is not considered in determining eligibility or award amounts for honorary scholarships. To be eligible for other scholarships, students must apply and qualify for financial aid; award amounts for these scholarships vary according to financial need. If you wish to be considered for need-based scholarships, you must apply for financial aid. (See page 10.)

Information about financial aid is available in *Introducing the University, Financing Guide for Parents and Students* and the campus General Catalogs, as well as online (www.universityofcalifornia.edu/admissions/paying.html). You may also contact the campus Financial Aid Offices. (See addresses and telephone numbers beginning on page 45.)

Regents Scholarships

Students with outstanding academic records and personal achievement are considered for Regents Scholarships, the University's most prestigious scholarship award. Regents Scholarships may be either honorary or need-based. Depending upon the campus, annual Regents Scholarship awards range from \$1,000 honoraria to stipends that cover full financial need for students who qualify for financial aid. Additional privileges such as preferential housing or library access are available to Regents Scholars at many campuses.

Regents Scholarships are awarded to entering freshmen for up to four years. If you are considered for a Regents Scholarship, one or more campuses may invite you for an interview.

Alumni Scholarships

Alumni associations at some campuses award scholarships to entering students who have demonstrated leadership, academic achievement and participation in extracurricular activities. At most campuses, Alumni Scholarships are honorary scholarships, so financial need is not a consideration. Awards range from \$300 to \$15,000, and at some campuses they are renewable annually for qualified candidates. At some campuses, Alumni Scholars receive privileges similar to those awarded to Regents Scholars. You do not need to be a relative of an alumnus (a graduate of the University of California) to qualify for an Alumni Scholarship.

Other Scholarships

The campuses have a variety of other scholarships for qualified undergraduates. These scholarships fall into two categories: restricted and unrestricted. Restricted scholarships are available only to students with specific backgrounds, academic interests, career objectives, etc. Unrestricted scholarships are open to all students. Some restricted scholarship eligibility criteria are listed beginning on page 43; others are awarded based on information on your application.

Some campuses nominate students for scholarships awarded by organizations not connected with the University, provided the student has authorized the University to do so. (See Items 178 and 180 on the freshman application form.)

Supporting Documentation

Some campuses require additional materials in support of your scholarship application, such as letters of recommendation, transcripts or an essay (in addition to the personal statement required on the application form).

These are referred to as “supporting documentation” in the Requirements for Campus Scholarships section. Note that the application requirements and selection criteria for scholarships vary from campus to campus. General procedures for submitting supporting documentation are described below.

General Procedures: *At the top of each page of supporting documentation, be sure to print your name as it appears on the application for admission and scholarships.* Send documentation directly to the campus office indicated.

Do not enclose supporting documentation with your undergraduate application form. The UC Undergraduate Application Processing Service will not forward supporting documentation to the campuses. Send required supporting documentation together in one envelope to the appropriate campus office, postmarked by the date noted in the Requirements for Campus Scholarships section that follows.

Letters of Recommendation: Some campus scholarship programs require one or more letters of recommendation. Letters must be written by a teacher, academic adviser or other person who can address your academic ability and potential, leadership qualities and personality traits. Letters of recommendation must be written on official stationery and must include the author’s name and position and, at the top of each page, your name. You may submit photocopies of letters of recommendation.

Test Scores: Some campus scholarship programs require official test scores. You are responsible for making sure the testing agencies report your scores directly to the Admissions Office at each campus to which you apply. If you are applying for the fall term, the Admissions Office *must* receive your test results no later than the date in January when the December test scores are normally reported.

Notification of Awards

Most students will be notified of scholarship awards between March and August. Notification dates are included in the Requirements for Campus Scholarships section that follows.

Requirements for Campus Scholarships

The following pages describe the scholarship programs by campus. Details about eligibility and supporting documentation requirements are also included. The requirements listed represent minimum criteria for scholarship consideration. Because of the large number of qualified applicants, the qualifications necessary for many awards are considerably higher.

Important Deadlines

Submit your undergraduate application form no later than November 30 if you wish to be considered for scholarships for the fall term.

Supporting Documentation All required supporting documentation must be postmarked by the date indicated in the Requirements for Campus Scholarships section, or your scholarship application may not be considered. You are encouraged to submit supporting documentation as early as possible.

Winter and Spring Applicants Application procedures and deadlines may be different for winter and spring applicants. In addition, availability of scholarships for winter and spring applicants is limited at some campuses. Contact the campus Financial Aid or Scholarship Offices for information on scholarship availability and application deadlines.

The University administers hundreds of scholarship programs that are available to students who meet specific criteria related to academic interests, career plans, ancestry, place of residence, ethnicity, etc. The University can determine your eligibility for many of these so-called restricted scholarship programs from information you provide on your application form. The University needs additional information to determine your eligibility for other restricted scholarships.

Please review the list of eligibility characteristics and circle those characteristics that apply to you. Enter the codes you have circled in Item 175 on the freshman application form or Item 103 on the transfer application form.

The number of restricted scholarships awarded and the size of awards vary from year to year depending upon the number of eligible students. Not all restricted scholarships are available at all campuses. Some campuses may request additional information to establish eligibility. If additional information is needed, you will be contacted.

Code	Eligibility Characteristic
Academic Major or Specialty	
100	American Indian language or Chumash studies
101	American literature
102	Business major/future business major
103	Dairying
104	Dance
105	Dry land farming
108	Humanities discipline
111	Life sciences
112	Mineral industry
114	Music
115	Natural sciences discipline
117	Social sciences discipline
120	Second-, third- or fourth-year student in mathematics, business administration, personnel, insurance or areas related to the insurance industry
121	Humanities, liberal arts or fine arts
122	Fine arts or liberal arts major, including librarianship, who neither smokes nor drinks alcoholic beverages
123	Major field of interest or major in fine art, ceramics or sculpture
124	Literature, English, creative writing or journalism
125	Woman major in English literature, American literature or classic Latin literature
128	Agricultural engineering
129	Forest engineering
130	Agronomy
131	Pomology
132	Agricultural and environmental sciences
133	Agricultural production and business
134	Animal biology
135	Environment and natural resources
137	Plant science
139	Chemistry
140	Engineering
141	Mathematics, biological or physical sciences
142	Engineering focused on structure
146	Physical science discipline
147	Physics
148	Political science
150	Pre-med
151	Demonstrated outstanding performance in visual or performing arts, as well as an interest in the sciences
152	Health care management (or coursework in life/health care insurance)
153	Structural engineering emphasis and demonstrating desire for a career path in this field
Career Plans	
201	Agriculture
203	Business
204	Economics
205	Education
206	Insurance or personnel
207	Journalism

Notice of Availability of Campus Security Reports

As provided by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998, prospective students are entitled to request and receive a copy of the Security Report of any campus of the University they are interested in attending. Each Security Report includes statistics for the past three years concerning crimes (whether they occurred on campus, in off-campus buildings or on property owned or controlled by the University or on public property adjacent to campus) reported to campus security authorities. Each report also provides campus policies and practices concerning security—how to report sexual assault and other crimes, crime prevention efforts, policies/laws governing alcohol and drugs, victims’ assistance programs, student discipline, campus resources and other matters.

Security Reports for each UC campus are available online at www.ucop.edu/news/clery/crimeprev.html.

If you do not have access to the Internet, you may obtain a copy of any of the Security Reports by submitting a request in writing directly to the Chief of Police office at each of the campuses you are interested in attending, at the addresses listed below.

UNIVERSITY OF CALIFORNIA, BERKELEY
Chief of Police
1 Sproul Hall

Notice of Availability of Certain Other Information About UC

The University is also required under federal law to make certain other information available to students, parents, prospective students, employees, prospective employees, potential student-athletes, high school coaches, guidance counselors and the general public, as follows:

Information on Student Privacy Rights

Information on student privacy rights, as outlined in the federal Family Educational Rights and Privacy Act (FERPA), including procedures for inspection, correction and disclosure of information in the student’s record; a description of what constitutes directory information; the consequences of blocking directory information; and an explanation of how to impose and remove such a block.

Information on Student Financial Assistance

Information on the availability of scholarships and student financial aid programs, including information on how to apply, eligibility criteria, general award criteria, and the rights and responsibilities of students who accept financial aid.

Information on Student Graduation and Transfer Out Rates

Information about the percentage of students who enter the University as freshmen and either graduate within a set time frame or transfer to a program at another institution for which the University provided the student with substantial preparation.

Information on Athletic Program Participation Rates and Financial Support Data

Information about (1) the rates at which men and women participate in intercollegiate sports; (2) the revenue and expenses of the various intercollegiate sports programs; and (3) the levels of athletically related financial aid awarded to different types of student athletes.

Information on Graduation and Transfer Out Rates of Student Athletes

Information on the rates at which student athletes graduate from the University or transfer to another institution for which the University has provided the student athlete with substantial preparation.

Other Information on the University

Information on (1) costs of attendance, (2) academic programs, (3) special services available to disabled students, (4) campus student Financial Aid Office contact phone numbers, (5) withdrawal procedures and locations where students can complete a withdrawal, (6) refund policies, (7) return of aid rules, (8) accreditation information, and (9) student aid for study-abroad programs.

Prospective students may obtain information in any of the above categories about a specific campus or campuses (where such information is available online) at www.universityofcalifornia.edu/admissions/undergrad_adm/selecting_camp.html.

You may also obtain information in any of the above categories about a specific campus or campuses by submitting a request in writing

directly to the appropriate campus official at the address(es) listed below.

To facilitate the handling of your request, please clearly mark the outside of the envelope with “Required Disclosure of Information Request,” followed by the particular category or categories of information you are interested in obtaining—for example, “Required Disclosure of Information Request—Student Privacy Rights.”
